

Says

What have we heard them say?  
What can we imagine them saying?

I heard him say is correct. you heard in the past/ but during that past time he was saying it in the present.

Imagine the people who believe such things and who are not ashamed to ignore, totally,all the patient finding of thinking mind through all the centuries since the Bible written.

I saw him give an envelope to the women.this is the same construction,you saw him in the past but was giving it at the that present time.

Thinks

What are their wants, needs, hopes, and dreams?  
What other thoughts might influence their behavior?

Future uncertainty gives me hope.

Consumer behaviour is influenced by many different factors,understanding your customer is an important factor in go-to- market success.

It can be anything. It can be everything,who knows? Have you seen who you' re going to be 5 years from now?

Observational learning is not the same as a pure imitation of another behaviour,observational learning occurs as a result of witnessing another person but is performed later and cannot be explained as having been taught in any other way.

Life and worrying get along too wel.

The type of learning also encompasses the concept of behaviour avoidance as a result of seeing another person behave in a certain way and receive a negative consequences

Stress is any demand placed on your brain or physical body.

Any event or scenario that makes you feel frustrated or nervous can trigger it.

Behaviour is affected by factor relating to the person, including: physical factors -age health, illness,pain , influence of a substance or medication.

Does

What behavior have we observed?  
What can we imagine them doing?

Feels

What are their fears, frustrations, and anxieties?  
What other feelings might influence their behavior?
